

terramondi STONIT

TILES WITH THE LOOK OF CERAMIC,
MADE FROM HIGH-QUALITY PLASTIC

- Plastic tiles with click connection - a smart solution for every corner
- The look of ceramic tile without the complicated installation
- Suitable for indoors and outdoors - from balconies to saunas
- Resistant to temperature fluctuations, humidity and harsh conditions
- Quick installation without adhesives and tools
- Ideal for uneven, damp and damaged surfaces
- Possibility to create an island with ramps and corners
- Want to make your floor even more like ceramics? Use the joint cover strip.

3 MATCHING NATURAL SHADES

-  **Graphite**
elegant, modern, and muted
-  **Grey**
neutral and timeless classic
-  **Sand**
warm and inviting

*Mix and match or stick to one
– the result is always harmonious.*
